

SOCIAL WORK PROGRAM

Our Mission Statement:

School district social workers will address barriers to student achievement and academic readiness by providing outreach to families, facilitating connections with meaningful resources, and collaborating with community partners.

Who we are:

We are six licensed school social workers (MSWs) who have a wide variety of experience working with children and families.

What we do:

- Provide engagement and outreach to families
- Navigate mental health systems and insurance coverage
- Connect families to parenting support and classes
- Facilitate access to drug and alcohol treatment
- Serve as a support to families and children with exceptional needs
- Coordinate referrals to meaningful community resources
- Maintain flexible availability to accommodate family schedules, with both in-home and community-based support
- Develop partnerships with community providers
- Advocate for unmet community needs to critical stakeholders
